Core Judo Ethos

By becoming a member of Core Judo you are becoming part of a judo family and are expected to uphold the ethos and the high standards of both the club and our sport of judo. Judo's moral code is something very important to the integrity of this club and it is as important to win and lose in the right manner. At Core Judo we are trying to develop a champion mind set and the behaviours reflected in judo's moral code. If you do not know what these are, it is important you learn about them. As the parent or guardian of a Core Judo member it is vital that you know these and extol them whenever you are representing the club.
